Love letters straight from your heart
Keep us so near while apart
I'm not alone in the night
When I can have all the love you write

I memorise every line
And I kiss the name that you sign
And darling then I read again right from the start
Love letters straight from your heart
I memorise every line
And I kiss the name that you sign
And darling then I read again right from the start
Love letters straight from your heart

And darling then I read again right from the start
Love letters straight from your heart
