There's a brand new dance
That just hit this town
Makes you feel so good

This dance they call the round and round
Round and round, up and down
Round and round, up and down

You know the kids got a bloodhound
Out in the playing ground
And when they wanna have some fun

They start to goin' round and round
Round and round, up and down
Round and round, up and down

I got a elevator man
In the heart of town
And when he's feelin' right

He will carry you round and round
Round and round, up and down
Round and round, up and down

Baby don't be jealous when I come to town
'Cause I'm just a country girl
Everybody's tryin' to push poor me around

Round and round, up and down
Round and round, up and down
Round and round, up and down
Round and round, up and down

Did ya see I'm standin' on my own
