Excuse me, excuse me  
I be the poetry man that was sent here by the WWBCC  
fanclub  
You called the number 1-900-GET-DA-BOOT and you  
asked the question  
What is the world coming to  
How come nature hasn't changed us  
How come we haven't learned so many things  
Things that rearrange our brains make us think insane  
See we were sent here on a mission  
A particular one this plan that was sent  
That was broadcast across the planet earth  
So to let you know open your eyes realize  
Reps, sayin? Suuweee

Chorus:

Rock: Yo watch yo step baby  
Louieville: Watch where ya walk  
Rock: When it's time for some action  
Louie: Yo these reps don't talk  
Rock: That first step a doozy  
Louie: So watch where ya walk  
Rock: When it's time for action  
Louie: Real heads don't talk

Check this  
I press this nigga next on my checklist  
Get restless bring it where ya rest son di-tect it SEE  
I gets hectic when these reps run through your set bitch  
No diggy  
Soon we bring it to crews a fifty  
Se it be be niggas that make it shitty in ya city  
A sound simply pounds leaving your grounds empty  
You just can't convince me  
That you got what it takes TO  
Swim in a tank of sharks become bait  
Face 5-8 inches are better, however  
Supreme, means I bring things ya can't measure  
Bring bad weather, like Starang, Louie and D.O.  
See we blow muthafuckas to rubbish like we C-4

We're known to be triple R rated but gets down for  
dough  
To of the first to hit the scene and the last to go  
Move slow if you got the heart to get blazed  
By the double one mac when you react and get laid  
Leave yo back sprayed, attack fade turn your naps  
gray  
Move yo monkey ass 'fore I let this fuckin' gat play  
Melodies that'll mash your mainframe  
To bring forth and understand then know why these  
two niggas came  
Get yo body stained my shotty plain far from  
complex  
Been trained by the realer soldiers, gods and the non  
But the bomb threat  
Has yet to be confirmed  
Shoulda learned that we de-bone these cats like big  
worm

Chorus:

Rock: Watch your step baby  
Louie: Watch where you walk  
Rock: When it's time for action  
Louie: Yo these reps don't talk  
Rock: That first step a doosy  
Louie: So watch where you walk  
Rock: When it's time for some action  
Louie: Real heads don't talk

Alright here goes the submission holder MC folder  
Scold ya supreme sting teams Rock the boulder  
Yes I shoulda told ya  
We bomb crews like Oklahoma  
Don't come any closer  
Leave those creepers sleepin' in comas  
Playtime over, draw ya toaster from ya hoster  
Roast ya then watch them fall like October  
It gets colder, than January  
Shoulda ran already  
Too late crews break 'cause they still ain't ready  
Ain't steady  
Defeat the weak who speak petty  
I sting you with lingual sharp like a machete  
Prepare to meet your maker  
Won't hesitate to break a snake up  
Bomb crews like Arnold then I'll berate ya

These rebels are dissatisfied  
So many dead so many battlecries

So many things that change so many niggas try  
To end me 'cause envy has taken over  
So many fake thugs so many slugs this shit gets colder  
As I got older had plans to roll like boulder  
And flip the whole set 'cause cash wreck for all my  
souljahs  
I fumble a well nigga that shelves who have to tumble  
Before I get locked and blow the spot like Bryant  
Gumble  
Prepare to rumble we servin?justice now must this  
Nigga get open like a leakhead wit a dutch spliff  
Now fuck this these reps are-a  
No need to crush shit when I touch shit  
I make this shit more spicier than mustard

Ahh ohh ahh  
(Now hold on hold on son just cool out)  
Ahh ohh ahh  
(Breath in breath out)  
Ahh ohh ah  
(These fashion punk niggas got a dick in they mouth)  
Ahh oohh ahh  
(Word is bon Jovi ain't none of ya boys bag  
out all hash)  
Ahh ohh ahh  
(Word)

Chorus 2X
