I don't have to beg you to hold me  
'Cause somebody else will  
You don't have to love me when I want it, no  
'Cause somebody else will

Some kind friends say you don't need it  
But all the time they're tryin' to get it  
Look out, your good thing is about to come to an end  
Your real good thing is about to come to an end

All those nights I watched the four walls  
I did not have to watch 'em all alone  
When other men said they wanted me, baby  
I didn't have to tell them I was your very own

You have all the love that I've got  
Even ice melts to water and gets hot  
Look out, your good thing is about to come to an end  
Your real good thing it's about to end

Gettin' myself back together is gonna be a big problem  
I know  
But when the right man says he wants me  
Boy, you can bet I won't tell him no  
'Cause your real good thing is about to come to an end

Your real, your good thing, your good thing baby  
Good thing, your good thing  
Your good thing baby, yeah, yeah, yeah, yeah, yeah
