How can I just let you walk away
Just let you leave without a trace
When I stand here taking every breath with you
You're the only one who really knew me at all

How can you just walk away from me
When all I can do is watch you leave
'Cause we shared the laughter and the pain
And even shared the tears
You're the only one who really knew me at all

1-So take a look at me now
There's just an empty space
There's nothing left here to remind me
Just the memory of your face

3-Take a good look at me now
There's just an empty space

2-And you coming back to me
Is against all the odds
And that's what I got to take

I wish I could just make you turn around
Turn around and see me cry
There's so much I need to say to you
So many reasons why
You're the only one
Who really knew me at all
(repeat 1, 3)

But to wait for you is all I can do
And that's what I've got to face

Take a good look at me now
'Cause I'll still be standing there
(rpt 2)
