Everything that's ever meant anything
Is standing right here before my eyes
All I know is your love has touched my heart
And filled every empty space inside

If I never see all my dreams come true
The one that mattered the most was you

You're all I ever wanted
All I ever needed
You've given me something to hold on to
And believe in
As long as you're in my arms every night
For the rest of my life
I won't need nothing, no
You're all I ever wanted

Everyday, you showed me something everyday
That I know I can't live without
A whispered word, an understanding look
Baby you know me inside out

Your hand guides me through the rain
Your love is my hope and my strength

You're all I ever wanted
All I ever needed
You've given me something to hold on to
And believe in
As long as you're in my arms every night
For the rest of my life
I won't need nothing, no
You're all I ever wanted

I feel you move
Through my heart and soul
You're a part of me
That I'm not letting go

You're all I ever wanted
All I ever needed

You've given me something to hold on to
And believe in
As long as you're in my arms every night
For the rest of my life
I won't need nothing, no
You're all I ever wanted
You're all I ever wanted
