Love will always find the way
Feelings are the hardest words to say
Oh call me, call me
Baby, always call your name
I would never feel this way again
Oh call me, call me

There is love enough, enough for two
There will never be another you
How can you mend a broken heart
Oh he said goodbye without a tear
Through a million souls, a million fears
That's no way to say goodbye

*call me, call me
Tell me what you feel
My love never dies
(my love never dies)
Call me, call me
Tell me what you feel
You light up my life
(you light up my life)

Love don't ever die

I'll be there if you want me
I'm living with my memories
Oh call me, call me
From the bottom of your heart
You swore we'd never break apart
Oh call me, call me
Oh hold on tight and don't let go
If you love me let me know
I never had a love like ours

Call me, call me
Tell me what you feel
My love never dies
(my love never dies)

Call me, call me
Tell me what you feel
You light up my life

Oh I'm never gonna give you up
Why did you break my lonely heart
My world begins and ends with you
If there's one thing that I know
Babe, I'll never let you go
If I sold my heart to you

Call me, call me
Tell me what you feel
My love never dies
Call me, call me
Tell me what you feel
You light up my life
(you light up my life)

(* repeat)

Call me, call me
Tell me what you feel
My love never dies
