Some friends you lose
Some friends you win
Time will heal the pain
I would give up everything
To hold you once again

Sorry doesn't make it right
And tears are not enough
I can't take these lonely nights
And shadows from this love

*we are daytime friends
And night-time fools
Oh nobody takes the place of you
Oh a woman is a man's best friend
Oh in this world, baby

** we are daytime friends
And night-time fools
Oh baby, breakin' up is hard to do
I have golden days
And restless lonely nights
With you, darlin' (baby)
Oh heaven knows where heaven is
How does this love survive
Try a little tenderness
To keep this love alive

Nights begin to drive me down
It's waiting in my heart
Oh love it makes the world go round
But we're so far apart

(*repeat)
(* *repeat)

I'm missin' your sweet tender kiss
I'm missin' you tonight, babe
All I want's your sweet caress

There's nothing left to hide, baby

(* * repeat)

(* repeat)

(* * repeat and fade)
