I don't want to let another minute get by  
They're slipping through our fingers, but we're ready to  
fly

The night'll be our cover and we'll huddle below  
We got the music in our bodies and the radio

And when the morning comes it'll all be gone  
Disappearing in(to) the crack of dawn  
We better make our move now before the sun is awake  
It's time to put up or shut up and to pick up the pace

And I don't want to let another minute get by  
Love is going to get us while the moon is in the sky  
We may be running out of night, but never running out  
of steam  
We're acting on a hunch, and we'll be acting out a  
dream

There really isn't any time to lose  
They're going to catch us if we wait until it gets too light  
You're such a pretty boy  
Let me show you what to do, and you'll do it  
But you gotta move faster  
Faster than the speed of night

Faster than the speed of night  
Faster than the speed of night  
It's all we ever wanted  
And all we'll ever need  
And it's slipping through our fingers  
Faster than the speed of night

Faster than the speed of night  
Faster than the speed of night  
It's all we ever wanted  
And all we'll ever need  
And it's slipping through our fingers  
Faster than the speed of night

Faster than the speed of night  
Faster than the speed of night

Faster than the speed of night  
Faster than the speed of night

Let me show you how to drive me crazy  
Let me show you how to make me feel so good  
Let me show you how to take me to the edge of the  
stars and then back  
again  
You've gotta show me how to drive you crazy  
You've gotta show me all the things you want to happen  
to you-acap
