In and out and out and in  
And up and down and all around  
We're goin' through it nothing to it  
All you've got to do is do it  
Goin' through the motions, 1, 2, 3, 4

I go you go you go me go  
Everywhere that we go we'll be  
Goin' through the motions, 1, 2, 3, 4  
1, 2

Goin' through the motions  
Yeah, we're goin' through the motions

I don't really care 'cause you're goin' nowhere  
You've got nothing but fear in your eyes  
You're leading me on but you can be anyone  
'Cause I know you'll be gone when I rise

And we're goin' through the motions  
And we're goin' through the motions  
Yeah, we're goin' through the motions  
Goin' through the motions

Staying with you gave us something to do  
I always thought it was true for a while  
Your loving your lies, you're so thinly disguised  
You couldn't tell right from wrong if you tried

And we're goin' through the motions  
And we're goin' through the motions  
We're just goin' through the motions  
Goin' through the motions

To thee I'll dedicate this photograph  
I'll even sign it love to you, again  
And when it's faded and forgotten in some book  
You'll sometimes look, you'll sometimes look  
You'll sometimes look

It's a game it's a game no let's call it a shame  
'Cause there's no one to blame it's a pain

You were a friend for a day so don't cry if I say  
That you got what you want, it's okay

And we're goin' through the motions  
And we're goin' through the motions  
Yeah, we're goin' through the motions  
We're just goin' through the motions

Yeah, we're goin' through the motions  
We're just goin' through the motions  
Yeah, we're goin' through the motions  
Goin' through the motions

In and out and out and in  
And up and down and all around  
We're goin' through it nothing to it  
All you've got to do is do it  
Goin' through the motions  
Yeah, we're goin' through the motions

I go you go you go me go  
Everywhere that we go we'll be  
Goin' through the motions, yeah, yeah  
Goin' through the motions

Goin' through the motions  
Goin' through the motions

In and out and out and in  
And up and down and all around  
We're goin' through it nothing to it  
All you've got to do is do it  
Goin' through the motions, 1, 2, 3, 4

I go you go you go me go  
Everywhere that we go we'll be  
Goin' through the motions
