He's seen all the changes  
Been going up and down  
Had to rearrange it  
But never lost his crown  
Never was afraid of playing his last round  
He is he is the king

Look into his face  
It never told you lies  
Falling down from grace  
It's been more than twice  
But there's always one thing that you should realize  
He is he is the king

He is the king  
No one else will be around  
He is the king  
Sometimes lost but now he's found  
Without losing all  
You won't touch sacred ground  
He is he is the king  
He is the king

Loving her was easy  
They were day and night  
Trying to release her  
Was a never ending fight  
He had only one chance  
Playing for her life  
He is he is the king

But there's always one thing you should realize  
He is he is the king

He is the king  
No one else will be around  
He is the king  
Sometimes lost but now he's found  
Without losing all  
You won't touch sacred ground  
He is he is the king  
He is the king

He is the king  
No one else will be around  
He is the king  
Sometimes lost but now he's found  
Without losing all  
You won't touch sacred ground  
He is he is the king  
He is the king
