"If I Sing You a Love Song"

Visit "[If I Sing You a Love Song](#)" on MotoLyrics.com

If I sing you a love song, will you always remember
Will you hear it on lonely nights when I'm not around
If I sing you a love song, will you hear it forever
To remind you how I care and how I needed you

Love songs last longer than lovers ever do
So baby, let me sing a love song for you
Love songs don't leave you but lovers often do
Oh baby, I'm afraid it could happen to me and you

If I sing you a love song, let it always be with you

When the others have gone away, let it still be there

Love songs last longer than lovers ever do
So baby, let me sing a love song for you
Love songs don't leave you like lovers often do
Oh baby, I'm afraid it could happen to me and you

Oh, oh romance
Oh, lonely nights when Iâ€™m not around
Baby, itâ€™s a love song
So always remember on lonely nights
Iâ€™ll sing you a love song to keep you close to me
