Ocean...ocean...

In the darkness of nowhere  
There's nothing at all  
And I feel like I've been here too long  
Shadows and teardrops fading away  
And my heart is crying for love

Far from those moments  
When my eyes were still closed  
And my heartbeat was longing for more  
Way over mountains, higher than high  
I could feel the breeze from below

Like an ocean...  
Like an ocean...

Now tell me your secrets  
Come closer and whisper  
I feel like I've seen you before  
There's no more illusions  
No more escapes  
Cause I'm tired of asking for more  
Seems like a lifetime fading away  
And I'm lost in an ocean of love  
I'm reaching and holding onto my dreams  
Cause I'm not alone anymore

Like an ocean...  
Way over mountains higher than high  
Like an ocean...  
Way over mountains higher than high  
Like an ocean...  
Way over mountains higher than high  
Like an ocean...  
Way over mountains higher than high

Spoken:  
Far from those moments

When my eyes were still closed  
Way over mountains  
Higher than high  
I could feel the breeze from below  
It's like an ocean, ocean...heeeeyhhh

Like an ocean...  
Way over mountains higher than high  
Like an ocean...  
Way over mountains higher than high

Like an ocean...  
Way over mountains higher than high  
Like an ocean...  
Way over mountains higher than high

Repeat & fade
