Race to the fire

All the wheels are turning

All alone just in a lonely world

Yeah baby

Maybe love is a lonely number

Can't you hear the wheels of thunder

They're driving deep into your heart

Feelings they'll never be torn apart

Maybe he's the man behind the wire

He's living in a world of fire

He sailed his ship alone

There's a heart but there's no home

*race to the fire

All the wheels are turning

All alone just in a lonely world

Till the end of the time

He's fighting the crime

That's no lie, my baby

**race to the fire

To the end of eden

To the city of the lost and found

He is too proud to cry

Or too live with a lie

Take him seriously, baby

** * race to the fire (fire)

Race to the fire (fire)

Race to the fire

He's fighting for your rights

Race to the fire

Race to the fire (fire)

Race to the fire (fire)

Only the strong survive

Maybe he's goin' through the motions
There's a shadow of devotion
Its showin' his destiny
One minute past eternity

Oh maybe good things don't last forever
He's living just now or never
No mountain is high enough
Times are getting really tough

(* repeat)
(* * repeat)
(* * *repeat)

Race to the fire
Fighting for your rights
Race to the fire
Time is on his side
Race to the fire
Two hearts collide
Race to the fire
There is no crime

(* repeat)

Race to the fire
