(Karen Drotar - Bonnie Tyler/Serge Haouzi - John Stage)

Watched you when you were walking away
I've got so many things I could say
I have my mind running wild
You'd better run like a child

I remember when I got back home
We were talking on the telephone
And in your point of view
There was no more you could do

I've heard promises
I don't really care for the way that it is
I've got love in my soul
I can trust in, hope in, believe in myself

Run run run and run 'til I've won
I have never thought life owes me one
I'm gonna run run run - I've only just begun
I'm gonna go and get me some

I don't think I have a thing to prove
But life is best when you're on the move and
Sing
And I've kept my own style
Oh, oh, stayed versatile

I've heard promises
I don't really care for the way that it is
I've got love in my soul
I can trust in, hope in, believe in myself

I said run run run, and run 'til I've won
I have never thought life owes me one
I'm gonna run run run - I've only just begun
I am gonna go and get me some

I will win and pursue
And I'm not going to stop 'til I do
I've got love in my soul
I can trust in, hope in, believe in myself

Run run run and run 'til I've won
I have never thought life owes me one
I'm gonna run run run - I've only just begun
I am gonna go and get me some
