Producer for bonnie: ?  
Recorded in 1992 for sophie arbaniti 's album  
'parafora', lyrics taken from  
Careful listening.

First half of this song is in greek...so your guess is as  
good as mine - here's  
The english part...

You move the veil from your face  
And escape from the world that is hurting  
You feel oppressed when you know  
That the words are killing the meaning

There is no reason to hide in the dark  
When you're far from the fighting  
How can you dream in a world that is getting greyer  
than grey?  
You don't have to hide your face, there's no disgrace  
There's no harm in knowing that we're all a part of the  
human race

You have got to lift your head, think of what he said  
You were born to know the truth, nothing but the truth,  
and what the truth is  
Worth

Oh, the desert is in your heart  
In your heart  
The desert is in your heart  
In your heart  
It's so hard to try to forget  
So many thinks you regret  
You try to look back, but there's little to see  
Just nothing can't take this pain from me

Oh, the desert is in your heart  
In your heart  
You don't have to hide your face  
There's no disgrace  
There's no harm in knowing we're all a part of the  
human race

You have got to lift your head, think of what he said  
You were born to know the truth, nothing but the truth,  
and what the truth is  
Worth

Oh, the desert is in your heart  
In your heart  
The desert is in your heart  
In your heart  
(greek)  
In your heart  
(greek)  
The desert is in your heart  
(greek)  
The desert is in your heart  
(greek)
