(Paul Hopkins/ Lee Morris)

Producer for Bonnie: Graham Laybourne

Every time you see me walking in the room
Can you see it in my face
I've lost interest in all the things you do
And I'm feeling misplaced

Can you tell me it's over
I don't want a lie
All I really want to know is the reason why

Where did our love go wrong?
Cause I need to know
Can you tell me? can you tell me baby?
Where did our love go wrong?
Cause I need to know
Can you tell me? can you tell me baby?

Oh, I'm sure that you feel the same way too
But you're hiding it inside
There's nothing left for us
Between me and you
Nothing but heartache inside

Can you tell me it's over
I don't want a lie
All I really wanna know is the reason why

Where did our love go wrong?
Cause I need to know
Can you tell me? can you tell me baby?
Where did our love go wrong?
Cause I need to know
Can you tell me? can you tell me baby?

Our love is strong
Come on, we could make it through
There's nothing left to lose
It will be alright - alright

Where did our love go wrong?

Cause I need to know
Can you tell me? can you tell me baby?
Where did our love go wrong?
Cause I need to know
Cause I need to know
I need to know
Where did our love go wrong?
Where did our love go wrong?
Where did our love go wrong?
Where did our love go wrong?
It will be alright - alright
