I want a fine perfume  
A powdered blue Corvette  
If there's a slower death than living here and now  
They haven't found it yet

I need a man who knows what I am really like  
And I don't give a damn about a life after death  
But I've gotta get some proof  
That there's a life after birth

Tyre tracks and broken hearts  
That's all we're leaving behind  
It doesn't matter what we lose  
It only matters what we're going to find

Tyre tracks and broken hearts  
Let's get away from the past  
So many ways to stay hungry, baby  
So many ways to go fast

I need a push up bra  
I need some satin sheets  
Give me some real rich food  
I want some succulent sweets

I want you by my side, you'll be all my own  
And I know what I want, at the time that I know  
That I don't wanna spend another minute alone

Tyre tracks and broken hearts  
That's all we're leaving behind  
It doesn't matter what we lose  
It only matters what we're going to find

Tyre tracks and broken hearts  
Let's get away from the past  
So many ways to stay hungry, baby  
So many ways to go fast

Those good girls never know what they're missing  
But us bad girls almost always do  
And what we're missing most are the real good times

I want them bad and I want 'em now  
I was born going faster than the limits allow  
I want it bad and I want it now  
We were born going faster than the limits allow  
Faster than the limits allow, right here, right now

I wanna show you what I want you to do  
Where and when and how  
I want it bad and I want it now  
We were born going faster than the limits allow

I wanna show you what I want you to do  
Where and when and how  
I want it bad and I want it now  
We were born going faster than the limits allow

Tyre tracks and broken hearts  
That's all we're leaving behind  
It doesn't matter what we lose  
It only matters what we're going to find

Tyre tracks and broken hearts  
Let's get away from the past  
So many ways to stay hungry baby  
So many ways to go fast, oh yeah
