Bonnie Tyler
"We Danced on The Ceiling"

We danced on the ceiling
We danced on the wall
It gave me the feeling
That I wasn't there at all

We danced on the moonlight
We danced on the stars
Too early, the daylight
Came liftin' the mask

Oh, I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire

Won't you take me through the night
To that far and distant light
Won't you take me back to paradise again

You took me to heaven
You took me from hell
We danced on the ceiling
Together we fell

I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire

Won't you take me through the night
To that far and distant light
Won't you take me back to paradise again

We danced on the ceiling
We danced on the wall
It gave me the feeling
That I wasn't there at all

You took me to heaven
Oh, you took me from hell
We danced on the ceiling
Together we fell

Oh, I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire

Won't you take me through the night
To that far and distant light

'Cause we danced on the ceiling
And we danced on the wall
It gave me the feeling

And I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire
We danced on the ceiling

Well, I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire
'Cause we danced on the ceiling

I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire
'Cause we danced on the ceiling

I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire
We danced on the ceiling

I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
