VG: I just had to hear your voice
You've always been my rock
The one that puts me back together on my way
around the block

BT: Yeah my late night phone calls
An ear you can bend
The sister you never had, your lover and your closest
friend

And it breaks my heart you'll never be what you need
from me

Ooh I tried (I tried) and failed
I've prayed (I've prayed) like hell
To change (to change) but I can't change (I can't
change)
I let you down 'cos I'm still the same
And I can't be (no I can't be) what you need from me

BT: You need a trophy on yur arm
So you don't look so lonely
Someone to get you through the nights, someone to
start your morning coffee

VG: You need a man that you can count on
Someone who'll finish what he started
Not a restless soul who comes and goes and leaves
you open-hearted

And it breaks my heart you'll never be what you need
from me

Ooh I tried (I tried) and failed
I've prayed (I've prayed) like hell
To change (to change) but I can't change (I can't
change)
I let you down 'cos I'm still the same
And I can't be (no I can't be) what you need from me

I've tried, I've failed

I've prayed like hell
But I can't be (no I can't be) what you need from me
What you need from me
What you need from meee

I'm the honey and he's the rocks. Hasn't he got a voice
like liquid honey,
You know? 16 time grammy award-winner.
