Tonight I'm gonna love you  
Tonight I'm gonna try  
Tonight I will take my foot off that brake  
Cause you made me grasp  
What is over is past  
And the world starts tonight  
Ooh ooh ooh...the world starts tonight

Tonight I'm gonna love you  
Tonight I know I'll find  
That the world still goes on  
Just a part of it's gone  
Cause you made me grasp

What is over is past  
And the world starts tonight  
Ooh ooh ooh...the world starts tonight

Baby, oh baby, I made a mistake  
I thought love was something, they no longer made  
But since you have brought back, some love to my eyes  
My doubting of people, no longer applies

Tonight I will take my foot off that brake  
Cause you made me grasp  
What is over is past  
And the world starts tonight  
Ooh ooh ooh...the world starts tonight  
Ooh ooh ooh...the world starts tonight
