(spoken):

Now, you are out there, all by yourself  
And still, the whole world can see you

(sung):

The world is a small place, somebody told you  
But that is just one way, thing can be  
'cause under the surface of friendly horizons  
There's more truth than you might believe

You're looking for heroes, to cover your wildness  
You're looking for cages, to be caged  
But no one is stronger, than the devils inside  
So here's the point to decide...  
All these illusions won't cover your pride  
You're looking for reasons, you're feelings won't hide  
The world may go down, the devil is right  
But for me, you're the queen of the night

You are a woman  
You're the one who's loving  
You are a woman  
You decide who's coming  
There's always a way  
With the games that you play  
You don't need nobody  
To tell you, you are what you are, yeah

Yes, you are a woman  
You're the one who's loving  
You are a woman  
You decide who's coming  
There's always a way  
With the games that you play  
You don't need nobody

To tell you, you are what you are, ah yeah...(x3)

Oh!

(spoken)

Now

Is this what you wanted?

Are you happy?

I still think you don't know what you want

But

If this is your way

You'll have to go with it

All the way till...the end
