Here I stand, alone with my dreams
Trying to forget all that we've be through
How can I lie and fool myself
Knowing just how much I feel for you

This time won't be the last time
How come I just can't get away from you
It hurts so good inside

You're breaking my heart again
And I can't get over you
You're breaking my heart again
I'm losing the fight

You're breaking my heart again
Breaking my heart

Without you, I spend my nights
Trying to escape my emotions
This time won't be the last time
How come I just can't get away from you
It hurts so good inside

You're breaking my heart again
And I can't get over you
You're breaking my heart again
I'm losing the fight

You're breaking my heart again
And I will be here for you
You're breaking my heart again
What can I do

You're breaking my heart again

You're breaking my heart again
And I can't get over you
You're breaking my heart again,

I'm losing the fight
