Another rainy morning, people rushing by  
My head is still in the clouds I dream with open eyes  
Suddenly out of nowhere he came into my life  
Like we'd known each other for quite a while

You're the one that God had made for me  
You're the one who's always in my dreams  
The one who keeps me goin' when I can't go on  
The one that I've been waiting for, for so long

In the sound of silence the time is standing still  
There's some kind of bond between us is givin' me the  
chill  
Do you really wonder if we can burn the sky  
It's written a thousand years ago in the book of life

You're the one that God had made for me  
You're the one who's mine eternally  
The one who keeps me dreamin' when I'm sad and  
tired  
Who gives my life a meaning till the day I die

Another rainy morning people rushing by  
My head is still in the clouds I dream with open eyes  
Suddenly out of nowhere he came into my life

You're the one that God had made for me  
You're the one who's always in my dreams  
The one who keeps me goin' when I can't go on  
The one that I've been waiting for, for so long

You're the one that God had made for me  
You're the one who's mine eternally  
The one who keeps me dreamin' when I'm sad and  
tired  
Who gives my life a meaning till the day I die

You're the one  
You're the one  
You're the one
