Serenade,  
You need a serenade  
Somebody singing out your name  
To rain on their parade  
And we ride this train  
With nothing left to say  
Stranger next to stranger  
On the same track every day

'Cause you drag me down  
But I love you anyway

And it feels like it's raining  
And it feels like the real thing  
Do you feel anything, anything at all?

Crush me up,  
Crush me like you never cared  
You're the devil on my shoulder  
Drowning out the angel's prayers  
Sink or swim?  
Baby I don't know  
The bottom's getting closer  
And we're drifting out from shore

'Cause you drag me down  
But I love you anyway

And it feels like it's raining  
And it feels like the real thing  
Do you feel anything, anything at all?

And it feels like it's raining  
And it feels like the real thing  
Do you feel anything, anything at all?
