(You burn me!)

Take this life, it's all I have to give  
Knock me down, I never wanted this pride  
Tie my hands so I can do no wrong  
Blind my eyes with the fire in my mind

You burn me up, you burn me  
You burn me up, you burn me  
You burn me up

You burn me up  
You burn me up  
But the heart of you is the part I see  
You burn me up  
You burn me up  
But the heart of you is the part I see

Should I stay now, stay or go  
Should I hope or let it go  
Should I laugh or should I cry

Burn me up, red orange fire you glow  
Burn me up with these desires never known

You burn me up, you burn me  
You burn me up, you burn me  
You burn me up

You burn me up  
You burn me up  
But the heart of you is the part I see  
You burn me up  
You burn me up  
But the heart of you is the part I see  
You burn me up  
You burn me up  
But the heart of you is the part I see
