Car crash in your eyes
It's alright, it's alrigh-igh-ight
Find the exit sign
And get out, and get ou-ou-out
Before you burn your love away
Get away, get away-ay-ay

It's every place you've ever been
Now it counts for nothing, counts for nothing
It's every thing you've ever seen
Now it's time for something, time for something

Tear your cover down
Tear it down, tear it dow-ow-own
Turn your daylight on
Turn it on, turn it o-o-on

It's every place you've ever been
Now it counts for nothing, counts for nothing
It's every thing you've ever seen
Now it's time for something, time for something

(It's alright, it's alright, it's alright...)
(It's alright, it's alright, it's alright...)
No one sees your tears
(It's alright, it's alright, it's alright...)
In the rain, in the rai-ai-ain

It's every place you've ever been
Now it counts for nothing, counts for nothing
It's every thing you've ever seen
Now it's time for something, time for something
