Five...four...three...two...one

You...
You make my worlds collide
You make my life complete
You let them see me, see me fly

In this perfect world
Our paths may never meet
We never compromise
Or collide, collide, collide

(It's you
You let me go
You let me fly
You let me ride so high)

It's you...
You make my world collide
You make my life complete
You let them see me, see me fly

Never walk away
Never let you down
Never will deny
This life, this life, this life

(It's you
You let me go
You let me fly
You let me ride so high)

It's you...
You make my world collide
You make my life complete
You let them see me, see me fly, me fly, me fly

(It's you
You let me go
You let me fly
You let me ride so high)

It's you
You make my worlds collide
You make my life complete
You let them see me, see me fly

It's you (you make my world collide)
You make my world collide (you make my life
complete)
You make my life complete
You let them see me, see me fly, me fly, me fly, me fly
