And did you know the world revolves around you?
Sweet lullabies surrounding lies in baby blue
And the light in your eyes, it just fades away
And the innocent smiles, it won't fool me again.

It's the way that you use it
It's the way you confess
It's the way you abuse it
The way that you wa-a-aste

When he was young, you said "Someday I'll change the world"
With the diamond rings, the limousines, and pretty girls
With a twist and a turn it just fades away
And the times I've been burned, it won't fool me again.

It's the way that you use it
It's the way you confess
It's the way you abuse it
The way that you waste, waste, waste

For money of nothing
For pleasure or pain
Oh man it's attention
We'll do it again

It's the way that you use it
It's the way you confess
The way you abuse it
The way that you waste

The money or nothing
For pleasure or pain
Oh man it's attention
We'll do it again
