Turn the radio on...

Like a child I'm all alone,
Afraid and far from home.
Find a hole deep in the ground,
So I start climbing down.
In the tunnel dark as night,
I can see a shining light
As the train comes rolling on

Turn the radio on, I'm dreaming
Turn the radio on and my love for you
Turn the radio on, I'm dreaming
Turn it on, turn it on

Stand before 10,000 strong
As the people sing along.
This is where I'm meant to be
This is where my world belongs
From the corner of my eye,
I can see the blackest dog
And he's running out for me

Turn the radio on, I'm dreaming
Turn the radio on and my love for you
Turn the radio on, I'm dreaming
Turn it on, turn it on

(Living in this world
Oh enemies around me
Everything is real
Living in this world
You and the dreams I can feel
I can really feel)

Turn the radio on, I'm dreaming
Turn the radio on and my love for you
Turn the radio on, I'm dreaming
Turn it on, turn it on
Turn the radio on
Turn the radio on

Turn the radio on
Turn the radio on
