The sweet sensation in your voice  
She said, she said  
Deny the truth and hide the noise  
She said, yeah she said  
Rooftop dancing, on top of the world  
It's good, yeah it's good  
Girl meets boy, boy meets girl  
It feels good, yeah it's good

When you can't hold on  
When it's all wrong  
I'm anything you need  
When I can't hold on  
When I'm drowning  
It's you who saves me,  
You who saves me

Pull my hair and kick my face  
You're good, you're good  
Suffocate me, the fall from grace  
You're good, yeah, you're good

When you can't hold on  
When it's all wrong  
I'm anything you need  
When I can't hold on  
When I'm drowning  
It's you who saves me,  
You who saves me

When you can't hold on  
When it's all wrong  
I'm anything you need  
When I can't hold on  
When I'm drowning  
It's you who saves me,  
You who saves me
