Have you found the secret island?  
Somewhere you can hide away  
Somewhere you can wait in silence,  
Just the breaking of the waves  
When the sky is falling this is where I go

Won't you let me fly  
Won't you let me fly  
And I wait in the sunlight silence  
And I'm never coming back again

See the yellow sunlight shining  
Through the window of your soul  
And you think that you're the only one  
Who has nowhere left to go  
When your sky is falling this is where you go

Won't you let me fly  
Won't you let me fly  
And I wait in the sunlight silence  
And I'm never coming back again

When all the mountains seem too high  
And you've lost the strength to climb  
You see the past and all its pain  
And now the future comes again  
I feel the blood run through my veins

Won't you let me fly  
Won't you let me fly  
And I wait out in the sunlight silence  
Won't you let me fly  
Won't you let me fly  
The mountains, climb, the past, the pain  
The future comes, I'm here again  
But I'm never going back  
Never going back
