These are my famous last words!  
My number's up, bridges burned

Why won't you let me disobey  
It's getting kinda late but I don't wanna wait no more  
Well may I have this dance of day  
Locked in your regrets  
Passed your test of faith

Another time another place  
Another line upon your face  
Another in your way

Down crooked chairs, the stairway passes  
Comes the king of second chances  
Now throw him in the flame

Whatever keeps you warm at night  
(Whatever keeps you warm at night)  
Whatever keeps you warm inside

Your bridges are burning down  
They're all coming down  
It's all coming round  
You're burning them down  
They're all coming down  
It's all coming round  
Your bridges are burning now

What if we put you in your place  
I love it when you say  
Giving everything a place

Tell now what's in it for me  
Tell me now what's in it for me  
No one's getting this for free  
Tell me now what's in it for me

Whatever keeps you warm at night

(Whatever keeps you warm at night)  
Whatever keeps you warm inside

Your bridges are burning down  
They're all coming down  
It's all coming round  
You're burning them down  
They're all coming down  
It's all coming round  
Your bridges are burning down

Gathering the ashes  
Everything blown away  
Gathering the ashes  
Scatter and they blow away  
Gathering the ashes  
Everything blown away  
Gathering the ashes  
Scatter and they blow away

Your bridges are burning down  
They're all coming down  
It's all coming round  
You're burning them down  
They're all coming down  
It's all coming round

Gathering the ashes (Your bridges are burning down)  
Scatter as they blow away (They're all coming down)  
Gathering the ashes  
Scatter as they blow away (It's all coming round)  
Gathering the ashes (You're burning them down)  
They're all coming down  
It's all coming round  
Your bridges are burning down
