Burn all the candles out  
Make a wish but not aloud  
Relive the here and now  
To see you now and then

I'm a revolvin' door  
I've seen it all before  
I will begin again  
But I can't start until I've seen the end

I took a look around  
I believe in hand me down  
The treasure's that we've found  
When we were brand new

Now that we're old and worn  
A little ripped and torn  
One day we'll be reborn  
One day I will meet you right back here

Once again, wait  
Stop me, so I can begin

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

I'm feelin' out of luck  
Maybe I just feel too much  
That old familiar touch  
Always stained my skin

The good in everyone  
The ties we left undone  
The heart that moves your blood

All the things that bring me right back here

Once again, wait  
Stop me, so I can begin

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'  
I'm circlin'

Hey, once again, wait  
Stop me, so I can begin

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

End over end  
End over end  
End over end  
I'm circlin'

I'm circlin'  
I'm circlin'

I'm circlin'  
I'm circlin'
