blew it all away
blew it all away
living green and gray
blew it all away

read to past the time
sappy open line, turns to yours and mine
read to past the time..

you and I in hells garden
hells garden the way it used to work
i'm in hells gard, hells gard, pay to watch em' burn
i'm in hells gard, hells gard, wait another turn
i'm in hells gard, hells gard, will be true the world

blew it all away

blew it all away
living green and gray
blew it all away

you and I in hells garden
hells garden the way it used to work
i'm in hells gard, hells gard, pay to watch em' burn
i'm in hells gard, hells gard, will be true the world
i'm in hells gard, hells gard, wait another turn
i'm in hells gard, hells gard, wait it all the world
i'm in hells gard, hells gard, will be true the world
i'm in hells gard, hells gard, wait it all the world
