Wish I were with you
I couldn't stay
Every direction
Leads me away
Pray for tomorrow
But for today

All I want is to be home

Stand in the mirror
You look the same
Just lookin' for shelter
From cold and the pain
Someone to cover
Safe from the rain

All I want is to be home

Echoes and silence

Patience and grace
All of these moments
I'll never replace
No fear of my heart
Absence of faith

All I want is to be home
Ooh

All I want is to be home

People I've loved
I have no regrets
Some I remember
Some I forget
Some of them living
Some of them dead

All I want is to be home
