Early morning, without warning
Woke me with a scare
I had that dream again
That the sun was dead

Make me warm or take me home
It's so cold in here, can't we meet somewhere?
Is it winter there, is it winter there?
This winter

Meet me in the summertime
We can know the end
Sweet Virginia countryside
I will meet you there

Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the sun
Pray for summer's end

Come on over break my storm
Oceans overhead
Come inside my friend
Gettin' back out there

Every moment we have stolen
All we had to share, no one wanted that
But you know I did, you know I did
This moment

Meet me in the summertime
We can know the end
Sweet Virginia countryside
I will meet you there

Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the sun
Pray for summer's end

Meet me in the summertime
We can know the end

Sweet Virginia countryside
I will meet you there

Blood and lips and cherry wine
Moonshine in your hair
Just keep staring at the sun
Pray for summer's end

Meet me in the summertime
Meet me in the summertime

Meet me in the summertime
We can know the end
Meet me in the summertime
I will meet you there
