Shame on you, seducing everyone
Faded you, your diamond in the rough
You don't have to tell me, I know where you've been
Shinning once again

Will you do, the thing you've always done
Tell me true, I think you know the one
One that makes me blurry, colors start to run
Every time I wonder, I go under

The deeper the blues
The more I see black
Sweeter the brew
The feeling starts coming back
All the deepest blues are black

How my mind is spinning
And my head is going numb
Right from the beginning
Our ending had begun

I can be your trouble
Shiver into you
Shaking like the thunder
Sinking under

The deeper the blues
The more I see black
The sweeter the bruise
The feeling starts coming back
All the deepest blues are
Deepest blues are black

When it comes closing in
Reject, 'cause I gotta move
And the simple things get in the openings
Connect, become something new to remove

The deeper the blues
The more I see black
The sweeter the bruise
The feeling starts coming back

All the deepest blues are
Deepest blues are black

The deeper the blues
The more I see black
The sweeter the bruise
The feeling starts coming back
All the deepest blues are
Deepest blues are black
