touch...light as a feather
I will wait for you honestly
I am yours - entirely...
I remember last night's dream
could it be the one of me?

I've known the face inside the window
and the voice forever in my heart...
like an angel's arrow

I remember last night's dream
could it be the one of me?
I've been waiting silently...
would you risk it all...
with me?
(repeat)

I remember last night's dream
could it be the one of me?
I've been waiting silently...
would you risk it all...
with me?
