Dearest constellation, heaven surroundin' you  
Stay there, soft and blue. Virginia Moon, I'll wait for you  
tonight  
Sweetest invitation, breaking the day in two  
Feelin' like I do, Virginia Moon, I'll wait for you tonight

And now our shades become shadows in your light  
In the morning wind we're through and tomorrow  
rescues you,  
I will say goodnight

Secret fascination, whisper a quiet tune  
Hear me callin' you, Virginia Moon, I'll wait for you  
tonight  
And now our shades become shadows in your light  
In the morning wind we're through and tomorrow  
rescues you,  
I will say goodnight

Virginia Moon, I'll wait for you tonight

And now our shades become shadows in your light  
In the morning wind we're through and tomorrow  
rescues you,  
I will say goodnight

I will say goodnight  
I will say goodnight
