Got my good side at the ready  
The other one is on the mend  
Feel it in my bones when you break my back  
Break it just to watch me bend.

Anyone for one too many  
No matter what your good book says  
Never looking back cause i aint no saint  
Just another teenage head.

You gotta  
Wait for the feeling  
And you wait for the feeling  
And you wait and you shiver and you shake  
Crawling back and forth from the black and white  
Over and over again.

Over and over and over again.

Chorus:  
Aint no turning back cause I'm walking a line  
Walking a line  
Walkin' a line  
Aint no turning back cause I'm walking a line  
Walkin' a line  
Walkin' a line for you.

Maybe if you swear you'll save me  
Maybe save myself instead  
Swear I cross my heart and I hope to die  
Maybe we can just play dead

Running out of time, but I'm ready  
Run out when i run this round  
See you on the chase, I will track you down  
Even though you're miles ahead.

You gotta  
Wait for the feeling  
And you wait for the feeling  
And you wait and you shiver and you shake  
Crawling back and forth from the black and white

Over and over again.

Over and over and over again.

Aint no turning back cause I'm walkin' a line
