We had such good times
To be with your friends
And friends of mine
Now those days are gone
I'm gonna miss you for so long

You feel everything's okay (Everything's okay)
Do you promise me your say? (Promise me your say)
Or will you leave me again
And find a new boyfriend?

Why was I so childish?
That I (?)
Is this the only reason you left me for?
And if it isn't, then tell me more

You feel everything's okay (Everything's okay)
Do you promise me your say (Promise me your say)
Or will you leave me again
And find a new boyfriend

That's what I thought I could be (That's what I thought I
could be)
That's what I thought I could be
That's what I thought I could be (That's what I thought I
could be)
That's what I thought I could be
That's what I thought I could be (That's what I thought I
could be)
That's what I thought I could be
