(Hinkel / Wissler)

What does it take  
to stand for my pride  
in a building of glass  
But I'm still throwing stones inside

Man in a cage  
A perfect place of perfect isolation  
A heart full of pain  
A door that leads to desperation  
How could I forget we keep on playing different games  
And I exit the stage  
feeling like a puppet retired from the hands of fate

Why do I hesitate  
Why can't I break free  
And why do I still believe  
this cage was made for you and me

What does it take  
to live a life of perfect isolation

And what will remain  
on the road to desperation  
How could I pretend this life was only made for me  
and nobody else  
Steppin' in my cage to free me from my chains

Why do I hesitate  
Why can't I break free  
And why do I still believe  
this cage was made for you and me  
It's made for you and me

Man in a cage  
I'm livin' in my room  
Why won't you see that I'm engaged
