Who's gonna cover me
When I shiver in a frigo?
In a house of steel?
And who's gonna kill the pain?
Is it me? It is me
Close my eyes, pass the door

Woke up on a stormy, cloudy day
You can color the gray sky, gray sky
Walk up on a stony, narrow way
Sun, one fine day

Who's gonna follow me
When I leave another trace behind?
And who's gonna call my name
When I'll attain a new land?
Close my eyes, pass the door

Woke up on a stormy, cloudy day
You can color the gray sky, gray sky
Walk up on a stony, narrow way
Sun, one fine day

Looking at the surface
But the beauty is inside

See the colors change
Should I bow myself and pray?
Should I be afraid of bad news?
Should I move myself or stay?

Turn another page now
Don't you think about your constitution?
Open the cage now
Everyday's a revolution

Open the cage now
No time to weigh
I'll turn another page
One fine day

Woke up on a stormy, cloudy day

You can color the gray sky, gray sky
Walk up on a stony, narrow way
Sun, one fine day
