The parridge's been good  
The marmalade too  
I take another slice of bread  
The bacon is hot but I don't mind  
Too long I boiled the egg  
I'm still a little tired, my bones are weak  
Another day off I take  
I guess the sun had the same idea  
And now we have a break  
It's a rainy day, a rainy day  
But I love it  
It's a rainy day  
The water comes down  
But I love you  
Milkman Mr Miller is ringing my bell  
Do you take a litre or two  
But I don't wanna drink his milk today  
I feel fine without it too

He steps into a puddle by going away  
I hear him swearing at  
The forecast promised high pressure today  
And now he's getting wet  
It's a rainy day, a rainy day ...  
Rosalie Mac Lovely is waiting for a cab  
In the middle of the pouring rain  
Old bold head Mac Arthur is waiting  
For his hair to grow again  
Once upon a time he was a curly head  
But all those days are gone  
And now he's looking like a fireball  
When he gets into the sun  
It's a rainy day, a rainy day...
