(Hinkel / Freudenthaler)

The devil was my saviour,  
the only one to blame  
it's me though I've forsaken you,  
the fire's still the same  
I didn't mean to hurt you,  
deceived you, now I fall  
I never meant to break you  
to make you feel so small

...never go away...For give me!  
...never go away...Forgive me!

All the lies have driven you  
away and now I am  
the one to be forsaken too  
afraid that I can't stand  
the rain no longer - stay  
and get over all your pride  
because I've never needed you  
more than I need you tonight

Never go and save me!  
In a minute it's too late  
Hold me now don't let me fall  
Why don't you save me?  
There's no limits on my way  
that takes me down,  
I beg you - call!  
to call my name again!

Deliver me from evil  
save me from the past  
I'll never lose my faith in you,  
my love will ever last

A prison made of failure  
your forgiveness is the key,  
I never meant to break you,  
you're my saviour - set me free!

...never go away...Forgive me!  
...never go away... Forgive me!

Never go and save me!  
In a minute it's too late  
Don't let me run against the wall  
Why don't you save me?  
There's no limit on my way  
that takes me down,  
I beg you - call!  
to call my name again!

Never go and save me!  
In a minute it's too late  
Don't let me run against the wall  
Why don't you save me?  
There's no limit on my way  
I got you to call  
my name again

All the lies have driven you  
away and now I fall  
The one who's been forsaken too  
it's me, I cannot call
