Fool's Garden
"When The Moon Kisses Town"

(Hinkel / Freudenthaler / RÃ¶hl)

Look up now Ã¢Â€Â" there's no need to be ashamed
You don't have to wear it Ã¢Â€Â" take it off
Look up now Ã¢Â€Â" and don't pretend

In the limelight you could take another bow
Would anybody see you?
You can run around in circles
And you can chain yourself
Would there anybody be there to release you?
Don't speak now Ã¢Â€Â" and don't turn around
When the moon kisses town

And all the elfs coming over
No more lies and no disguise anymore
Shame's just a word and nothing further
Do not turn around
When the moon kisses town

Move along now Ã¢Â€Â" don't look behind
There's nothing to forget Ã¢Â€Â" let it lie
Move on now and don't turn around
When the moon kisses town

And all the elfs coming over
No more lies and no disguise anymore
Shame's just a word and nothing further
Do not turn around
When the moon kisses town

Look up now Ã¢Â€Â" there's no need to be ashamed
You don't have to wear it Ã¢Â€Â" take it off
Look up now Ã¢Â€Â" while the world calms down
And the moon kisses town

And all the elfs coming over
No more lies and no disguise anymore
You can take away the cover Ã¢Â€Â" now
Look up now
See the world calm down
When the moon kisses town
