The sky's blue, the water's blue too, my baby's walkin'  
away  
Out of the blue -- into a fuckin' day  
She feels good and she feels sorry for me  
She tells me "honey, don't worry" but I am so confused  
My baby's walkin', walkin' away  
It don't mean nothing to me  
You don't mean nothing to me -- stay! And think about  
the  
Wild, wild days, Don't you feel like I feel?  
Wild, wild days, Is it a dream is it real?  
Wild, wild days  
Sittin' in the middle of the battlefield, my baby is  
walkin' away  
All the wounds that could have been healed  
-but my baby is walkin' away I brought you flowers  
I buttered your bread I washed your car don't you  
remember

you said you would love me till the end and now you're  
walkin' away, walking away. It don't mean nothing to  
me  
You don't mean nothing to me -- stay! And think about  
the  
Wild, wild days, Don't you feel like I feel?  
Wild, wild days, Is it a dream is it real?  
Wild, wild days  
It's too late, it's time for you to wake up  
She don't need flowers only diamonds and make up  
so sorry but now she's on my mind, Talk about the  
Wild, wild days, Don't you feel like I feel?  
Wild, wild days, Is it a dream is it real?  
Wild, wild days  
Wild, wild days
