"It was all for you and me
now its just a memory
would've basement
entertainment century
and I though you had it made
way back in seventh grade
days that we all wasted in the video arcade

so just kick off your shoes
there's nothing left to do
its so nice to see you here
I thought that I had lost you there
its so nice to see you
and I'm all right

so your glory days are spent
well mines not happened yet
or did I lose them in a cloud of gin and cigarettes
and I thought you had it made
way back in eleventh grade
days that we were wasted in the video arcade

so just kick off your shoes

there's nothing left to do
its so nice to see you here
I thought that I had lost you there
its so nice to see you
and I'm all right

so just kick off your shoes
there's nothing left to do
its so nice to see you here
I thought that I had lost you there
its so nice to see you
and I'm all right
I'm all right

its so nice to see you here
I thought that I had lost you there
its so nice to see you and I'm all right

its so nice to see you here
I thought that I had lost you there
its so nice to see you and I'm all right
I'm all right

this time (x9)"
