I beg to bleed
And Iâ€™m so sorry but I just can't go on
The feeling's gone
I swam the tide capsized inside
And tonight she blows
Bombs away

It's gonna fall fall from the sky
It's gonna pour like hell tonight
And now I hear you say I'm gone today

She said to me
Iâ€™m so happy but she lost faith today
Stale and grey
I know you've tried so let me go inside
And tonight she blows
Bombs away

And it's gonna fall fall from the sky
It's gonna pour like hell tonight
And now I hear you say I'm gone today

You've passed through the final wall
Youâ€™ve come so close to end it all
And now I hear you say it's all okay

I can't
Can't let go of it
Wanna face the day to be a part of it
Stand back for the rewind
Iâ€™ll see you face to face for the last time
Bombs away

Fall, fall from the sky
Burn like hell tonight
Take my hand and pretend
It's gonna

Fall fall from the sky
It's gonna pour like hell tonight
At last I heard you say it's all okay
